Food 4 Homeless

Cottolengo
Missions
Projects

The canteen in the Cottolengo Hospitality House in Turin, offers everyday complete meals to hundreds of needy people thanks to the precious help of numerous volunteers. It is an historic service of the Cottolengo and it is directed to the homeless and people living in situations of poverty in the heart of Turin City, next to Porta Palazzo, an area where multi-ethnicity and problems of various types meet and crash daily.

The number of requests is constantly on the rise: this is due to the severe economic crisis that our country is going through, to the consequent increase in social unease and to the growing impossibility of being able to respond to one's primary needs and to those of their own family.

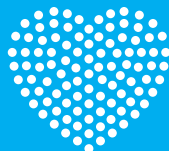

Every day around 220 hot meals are distributed with a total of 1.320 per week. In order to continue the mission of the Founder St. Joseph Benedect Cottolengo, who took at heart human development and the dignity of the person, it is important to promote the culture of giving. Attention to those most in need starting from offering them lunch... can make a difference.
