

PROJECT CODE 01

SOS Kerala

Cottolengo
Missions
Projects

In India the Cottolengo Mission is acutely affected by floods that have devastated the state of Kerala. The strong rains that have fallen for over three months consequently flooded the roads, provoking landslides and destruction of homes.

Your contribution becomes a fundamental help that will be destined to help the most affected families and to restart the social activities of Cottolengo destroyed by the floods.

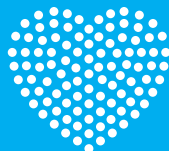

Among the buildings badly destroyed is Social-Assistance Centre run by Cottolengo Priests.

The Centre houses young and adult people living with disability, involving them in occupational, artistic and gardening activities. For the people living with mild disabilities, there are activities in special school and social agriculture.
