# Cottolengo Children's Care

Cottolengo  
Missions  
*Projects*

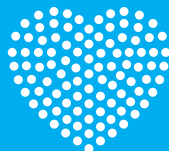

Currently, 86 children are present in the structure, of which 39 are of school age and 47 are between 5 and 18 years old. The children, due to their particular situation of fragility, attend the nursery school within the Centre and we are trying to activate also the primary school, just to meet the need for physical attention. The possibility of attending secondary school and high school is linked to the payment of the quarterly fee. This is why we ask you for help both for the needs of childhood and for school fees.

The "Cottolengo Communities" of Nairobi is located in the Karen district. It was officially erected on August 15th 1990 to welcome the members in formation of the sisters, brothers and priests. Faced with the spread of HIV / AIDS, which had led to a state of emergency throughout the nation due to the increase in orphaned children, in 1994 the Cottolengo family responded with the "Cottolengo Centre", a specialized facility for orphans and children affected by the virus, where religious, lay personnel and numerous volunteers work.

**"COTTOLENGO CENTRE"  
IS A SPECIAL FACILITY  
FOR ORPHANS  
AFFECTED WITH HIV.**
