

PROJECT CODE 08

A support for “our pearls”

Cottolengo Missions
Projects

The Little House of Divine Providence is involved in the care for people with physical and mental disability since 1973, when the first Brothers, Sisters and Priests arrived in Africa to start a new mission. At the moment the Centre offers a residential service with occupational therapy activities, catechesis, physiotherapy, recreational outings and medical services for emergencies guaranteed 24 hours by our Hospital, thanks to the services of workers and volunteers.

“Our pearls” are 53 men aged between of 20 to 65, affected by physical disability or mild or severe mental disability, with epilepsy, psychiatric and other chronic pathologies (cardiopathic, hypertension etc). They are treated only by administering medicine, which helps them to participate in occupational and social activities.

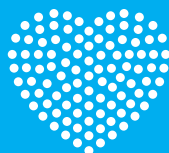

THE MOST PRECIOUS TREASURE OF THE MISSION ARE THE PEOPLE LIVING WITH DISABILITY FOR WHOM WE TAKE CARE: “OUR PEARLS”.

FOR DONATIONS KINDLY INDICATE THE CODE OR THE TITLE OF THE PROJECT.

Most of those assisted have no family or they come from a situation of extreme poverty which makes it difficult for the family to care for them. They are the most precious treasure of our mission, “our pearls”, for whom is all our care and with whom we share our life.
