Ecuador is a less-extended state in South America; it is a multi-ethnic and multicultural nation with a big number of the population living in poverty. Manta is a city in Ecuador with a population of 226.447 in habitants. It is situated in the province of Manabi. Since 2000, the Cottolengo Sisters take care of the poorest in the barrios "Los Geranios" where Fundacion Cottolengo is situated, 6km from the barrio Santa Marta. The sisters' residence is found in this locality.

The health facility "Fundacion Cottolengo" is sustained thanks to the Divine Providence, who uses the charitable actions of the local and international community.

**FOR DONATIONS KINDLY INDICATE  
THE CODE OR THE TITLE OF THE PROJECT.**

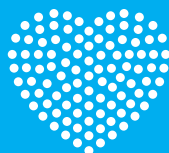

The facility is the only one of its kind in Ecuador that attends to terminally ill in a form of hospice for cancer and AIDS, overcoming all forms of discrimination, isolation and abandonment of the poor. The current patients are 90 with different pathologies: neurological, Alzheimer's, AIDS, cancer, post-hospital, long-term care. Therefore, the continuous presence of a doctor is necessary, taking into account the seriousness of our patients and the pathologies that each of them presents.

The project consists in the possibility to sustain the presence of another doctor in the facility, to guarantee the continuity of assistance.

The reference person for the project is Sr. Mary Soshiyath.
